TENEX Computer Express T.M.

TENEX Computer Express T.M.

The big company with personal service!

Dear Commodore Owner:

Welcome to the newest Everything Book for the Commodore 64 and 128 Home Computers! As usual, we have added lots of exciting new products to our already great selection of items for your computer. We're dedicated to helping you get the most out of your computer investment!

OUR INCREASING COMMITMENT

YOU made us do it! To better serve our growing family of satisfied customers, we have recently increased the capacity of all areas of our business. We've added more toll-free order lines, a faster CPU and more disk space for our minicomputer, more warehouse space, more inventory (over 50,000 items in stock) and of course, additional friendly, helpful personnel to aid you in ordering and speed your shipment on its way.

NEW SERVICE CAPABILITY

We've heard that some computer owners are concerned about the availability of technical service when ordering computer products by mail. Since TENEX Computer Express was founded in 1982, we have always stood behind our products and even long after the sale have assisted our customers in obtaining warranty or non-warranty service. We have now added an important new capability: ***in-house service*** *and repair. We are now an authorized service center for Star Micronics and other key lines, so that our customers can shop with confidence, knowing that regardless of where they live, service is never far away.*

WHY SHOP ANYWHERE ELSE?

Great service, low discount prices, and friendly people . . . . TENEX Computer Express has it all. We really want your business, and we ***work hard*** *to get it and keep it. Feel free to drop us a note and tell us how we're doing.*

Roger B. Dooley

QuantumLink Starter Kit

A $9.95 Retail Value — Yours FREE With Any Order!

—Hundreds of online services
—Thousands of programs
—Live Chats, Games, Prizes, and more!

QUANTUMLINK is the only online service devoted exclusively to Commodore owners. On QuantumLink, you can get computer help, access software, "chat" live with others who share your interests, make travel reservations, play games, win prizes, preview hit software, talk to Commodore experts . . . the possibilities are endless!

QuantumLink is one of the most reasonably priced online services, too. For only $9.95 per month you get unlimited access to a wide range of services including up-to-the-minute news, the encyclopedia, the Commodore Hotline, and much more. Special "Plus" services cost only 6 cents per minute and your first hour of "Plus" time every month is free! No extra charge for 1200 baud access, either. And of course, there is no obligation — you can cancel at any time.

This great starter kit includes **QuantumLink Software, User Guide, Local Access Telephone Numbers,** a **Function Key Template,** and a **special 2-for-1 offer** that lets you get your second month free when you pay for your first month. Instructions for subscribing to QuantumLink are included in the kit. All you need to access QuantumLink is your C64 or 128, a disk drive, a modem, and a phone line.

To make sure that no Commodore owner misses out on an opportunity to use QuantumLink, we'll send you the QuantumLink Starter Kit **FREE** with any order. Just include it on your order form, or tell the person helping you when you are placing a phone order. That's all there is to it!

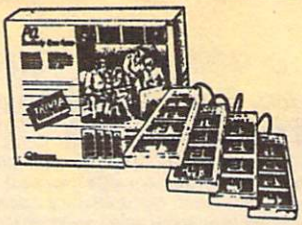
PQ The Party Game



Includes Software plus 4 controllers!

Suncom

THE PARTY QUIZ GAME. Party Proven Fun! We've tried out Party Quiz at large and small parties, even with people who have never touched a home computer. We were amazed at its ability to keep a whole roomful of people entranced as up to four competitors battled each other. The easy to use controllers and brisk pace of the game keep the party lively and insure that everyone can get a turn without a long wait. It really works!

Quick Response Controllers. Package includes four Quick Response™ controllers to let up to four individual players or four teams compete from up to 10 feet away from the computer. No need to type answers in on the keyboard . . . just push the number button on the controller that matches the answer you wish to choose.

Custom Play. You can customize the game by selecting response time, competition level and handicaps to make PQ a truly social game for all ages.

KID PRODUCTIVITY!

Winner, Best Educational Software

— Science 86

Winner, Software Award: Outstanding Original Programming *— International Consumer Electronics Show*

Cross a Word Processor, a Drawing Program, a Music Program, and a Printing Shop, and then make the whole thing easy enough for kids, and what do you get? — KID PRO QUO!

Softsync calls it an illustrated word processor, but it's more than just that! Look at these great features:

-Write & Illustrate Text	-Save & Copy Images	-Music Fanfare Library
-Paint & Animate Pictures	-Store & Read Books	-Illustrated Manual
-Compose Music	-Large Picture Library	-Easy to Use

KID PRO QUO. The Editors of Science86, in selecting Kid Pro Quo as one of the best educational software packages of 1985, said, "It embeds educational excellence in a program students will find interesting and motivating." Kid Pro Quo's multiple applications become an activity center that encourages creativity in kids in a wide range of ages (recommended for Ages 8-14). The built-in libraries of pictures and music make it easy for kids to create books, newsletters, cards, and reports. The simple animation commands let kids learn the basics of how to make their drawings move, run, and fly. Since Kid Pro Quo prints everything out on the screen, children can create illustrated book reports, biology papers, maps, graphs, and even comic strips. With a graphics printer connected to your computer, you can also create printed versions of your screen creations. Kid Pro Quo is a creative toolbox that will expand to fit any imagination! From Softsync.

Be a TENEX Winner!

Win a **$50.00** TENEX gift certificate by helping us show off our happy computer users! It's very simple. Just send us a photo (no slides, please) of your family, office, or class gathered around your computer system. No purchase necessary, just lots of smiles.

Winners' photos will be published in future "Everything Books." Our production staffers will choose the winners solely on the photo's quality and suitability for promotional purposes. Points to remember:

1. Be sure to write your name, address, and **daytime** phone on the back of the photo. If you use an office or school, please identify.
2. All submitted materials become the property of TENEX and cannot be returned.
3. Offer void where prohibited. Not open to TENEX employees or their families.
4. Send photos to: **TENEX,** P.O. Box 6578, South Bend, IN 46660.

Take your best shot, and GOOD LUCK!

Complete SAT Preparation and College Guide . . .

LOVEJOY'S PREPARATION FOR THE SAT. Face this all-important test with confidence after working through this comprehensive preparation program. Features 27 separate practice modules covering everything from analogies to trigonometry; extensive help screens, including an on-screen "scratch pad" and four-function calculator; two practice exams designed to accurately simulate the real SAT; over 120 pages of tips and strategies for taking the SAT, including rules of grammar, sentence construction, mathematics, and more; an easy-to-use review format which shows both wrong and right answers, and **why** the correct answer is correct. Included in every package is a pocket edition of **Lovejoy's Concise College Guide,** a sourcebook for college-bound students. From Simon and Schuster.

MUSIC PORT

"One of the most professional, complete music packages on the market." — RUN, June 1985

LOWER PRICE!

MUSIC PORT C64 WITH LIGHT PEN. Developed by professional recording artists, the Music Port is a 32-key, full-size, piano-type keyboard with a light pen. The keyboard plugs into the user port (instead of the joystick port) so the C64 can read multiple and sustained notes, putting an end to single-note, choppy music. Music Port lets you compose and arrange your own songs, and make multi-track recordings up to 10 minutes long. Dub, play to your own accompaniment, change the tempo of recorded music, create fantastic sound effects, and more. Software provides dozens of preset instrument sounds plus the most versatile synthesizer menu ever created for the Commodore computer. Comes with software that can be dumped to the printer. From Tech Sketch.

Finance Has Never Been Simpler!

SOFTSYNC SOFTWARE

Small Business Accounting

THE PERSONAL ACCOUNTANT. Designed by an expert in accounting with an understanding of personal (and small business) accounting needs. The Personal Accountant lets anyone, even without any accounting background whatever, produce professional reports. The Personal Accountant is fast and easy — you can enter a whole month's transactions in just minutes. Entries can be made in five categories of accounts — Income, Expense, Deposit, Loan, and Equity. The program automatically posts the "second" account in a transaction. Includes loan calculator and Name/Address Book programs. Reports include Trial Balance, Net Worth, Profit, and Expense. Sug. Retail $34.95

41793 C64/C128, Flippy Disk **$24.95**

ACCOUNTANT, INC. is for small business owners who are looking for a better way to keep track of their financial results but want a system that is both easy to use and cost effective. Accountant, Inc. may actually pay for itself by reducing paperwork! It is designed to increase productivity quickly, decrease training, and eliminate bookkeeping errors commonly made in manual systems. It is General Ledger based, and Invoice and Receipt driven — the same way small businesses are run. Accountant, Inc. takes data generated during the normal business day and posts it to the correct journals and ledgers. It automatically creates correct journals and ledgers and keeps them up to date, cutting down accounting costs without sacrificing any elements of a solid accounting system. Generates **32 key reports** to let you monitor the health and performance of your business. Takes full advantage of C128 display and memory. Sug. Retail $99.95

41859 C128, Disk **$79.95**

It features true on-screen word wrap, built-in help screens, powerful cut and paste features, custom printer drivers, preview function, automatic centering, page numbering, justification, horizontal scrolling for wide documents, mail merge for personalized letters, built-in math, headers and footers, search and replace, and much more.

Fleet System 4's **Thesaurus** puts thousands of synonyms and antonyms at your fingertips in seconds. The **90,000 word Dictionary/Spell Checker** is the largest and fastest available for the C128. Imagine checking a 10 page document in only 45 seconds. You can even improve your writing skills with **Educational Vocabulary Feedback —** it analyzes your documents and provides you with the number of words used, average word length, and even average sentence and paragraph length. Fleet System 4 even includes a powerful **database**. Written totally in machine language for maximum speed, it can handle 5,000 records with up to 20 text or numeric fields. Features include multi-field pattern searching, calculated fields, built-in report generator, and single or multi-column mailing label printing.

If you are serious about word processing on your C128, this is the package for you! From Professional Software, Inc.

More Than A Spreadsheet, More Than A Database . . . ONLY Program Of Its Kind For The Commodore C128

NOW $59.95

VIZASTAR
THE INFORMATION PROCESSOR 128

". . . a gem of a program, with enough power and flexibility to satisfy even the most demanding small business user . . ." — *COMPUTE!'s Gazette*, December 1986.

VIZASTAR. A comprehensive information processor that includes an electronic worksheet, information filing system and truly integrated business graphics. Designed to be easy to operate, so now you can handle your all-important information in many new and exciting ways, and in a quick and effective manner.

The SPREADSHEET has exceptionally fast worksheet calculations, ruled worksheet display for superb clarity, a 1000-Row by 64-Column wide worksheet with enormous 60K memory capacity, individually variable column widths, over 30 formula functions available — including table lookup and date functions, and much more.

The DATABASE gives you split second record access, processes up to three files concurrently, records containing up to 8,000 characters, full screen design of records — up to 9 screens make up a single record, and many other features.

BUSINESS GRAPHICS uses figures from any user-defined worksheet cell range, simultaneously draws two-dimensional bar graphs directly on to worksheet display, full-screen, full-color exploding pie chart, and full-color three dimensional skyscraper bar graphs.

VIZASTAR is the ONLY program of its kind on C128 and provides a totally comprehensive office information system. From Solid State Software.

Get The Most Out Of Your Commodore 64 With A SMART START™

SMART START™. Sound, graphics and other advanced features are what make the Commodore 64 as popular as it is. But these features can also require a lot more programming know-how than many Commodore owners care to learn. That's why MUSE® developed SMART START™ — to harness the power of Commodore and put it conveniently at your finger-tips.

Here are just a few of the things you can do with SMART START™:

- Quickly select all options from pull-down menus with cursor or joystick.
- Customize your computer's border, text and background colors.
- Keep track of time with an on-screen digital clock and alarm.
- LOAD, RUN, SAVE and CATALOG programs simply by pressing the cursor and RETURN.
- Easily design colorful sprite graphics.
- Easily create exciting and unique sound effects.
- Experiment with waveforms, filters and other sound elements.
- Automatically generate BASIC code for your sound and sprite programs.
- Merge multiple programs into one.
- Easily print out screens and programs.
- Includes sample sprite and sound programs.

Copy II 64/128

COPY II 64/128. Protect your software investment! Make backup copies of protected and unprotected computer programs. Central Point's state-of-the-art technology enables you to make copies of many of the most sophisticated protection schemes! You'll have a backup handy should misfortune befall your original disk.

Put it in gear and go!
COPY II is completely menu driven. Select which function you want from the main menu and COPY II tells you what to do all the way. COPY II even knows which mode you're operating in (64 or 128) and which drive you're using (1541 or 1571) — automatically!

Speed it up!
COPY II can backup your disk in two minutes on a single drive system. Or take advantage of your two drive system, make backups in just one minute! Format a new or re-used disk in less than ten seconds. Load your programs several times faster using the Quick Load feature.

Put your 128 to work!
COPY II really uses the Commodore 128 mode. It's not just a C64 program in a C128 wrapper. Commodore's 1571 disk drive is also fully supported.

Powerful New CAD Software Includes High Quality Light Pen

NEW!

T.H.I.S. If you have been waiting for a Computer Aided Design program that takes advantage of the Commodore 128's special capabilities, wait no longer. T.H.I.S., from Micro Aided Designs, harnesses the 128's power to let you do anything from sophisticated designs to doodles. Look at this list of features and functions: ZOOM, ROLL, TUMBLE, CUT, COPY, DRAG, PASTE, TAPE MEASURE, ENGLISH, METRIC, BOX, ARC, FILL, CIRCLE, ELLIPSE, GRID, TEXT, and many more. Of course, you can save and retrieve your images using your disk drive and print to many common printers.

Packaged with the software is a high quality light pen that plugs into your joystick port. With the light pen, you can design right on the screen and even access most menu functions without the keyboard.

T.H.I.S. supports Star, Epson, Commodore, Seikosha, and other printers, and Xetec, G-Wiz, and other interfaces. Minimum system requirements are a Commodore 128 Computer, a 512K Memory Expander, a 1571 Disk Drive, and a 1902A or equivalent Color Monitor.

DOODLE!

By Mark R. Rubin

"A very good buy and an exceptional program to work with." — *RUN*

"Breathtaking . . . one of the bargains of the year." — *Software Shopper*

DOODLE. Fast, easy and fun! Whether you are a part-time doodler or an accomplished artist, you can create incredible images on your C64 or C128. Doodle turns your computer into a tool for unlimited design and artistic creativity! Regardless of your age or artistic skill, create anything you can imagine . . . from sketches to house plans, to fine art, to business forms or letterheads that you can run off on your printer! Precise mouse or joystick operation, high-resolution graphics, program flexibility, and super ease of use add up to the friendliest, most versatile graphics program ever created for the Commodore. Special functions include duplicate, rotate, squeeze, reduce, enlarge, stretch and reposition. "Letter" commands let you put keyboard text and graphics characters on the screen in any size and direction. And, to show off your artwork, Doodle prints copies at the touch of a key — works with most popular printers including the Okimate 10 color printer. From Crystal Rose.

SAVE $50!

"The best drawing program around."

— Midnight Software Gazette

Now you can produce a wide range of drawings from simple free-hand sketches to complex CAD-type drawings. The FLEXIDRAW system consists of a light pen, master software disk, function key overlay and manual.

. . . the modern alternative to pencil & paper!

FLEXIDRAW. Light pen computer drawing has applications for artists, designers, hobbyists, programmers and others needing a top quality hi-res graphics input and editing system. The master disk has the main drawing routines for use with the light pen, as well as sample drawing library, symbol templates and a music synthesizer program. A programming mode lets you access the drawing routines from BASIC. The sprite editor/animator adds a great plus to FLEXIDRAW — there's no easier way to edit sprites than with a light pen. The most powerful feature is the ability to use a set of symbols (yours or ours) which can be moved to a second work screen and added to a drawing.

FLEXIDRAW is easy to use due to the sophisticated menu system which is similar to those of large computer drafting systems; maximum detail is possible. Free-hand drawing is very smooth because of an "averaging" function that filters out noise and jitter. From Inkwell Systems. Orig. Sug. Retail $139.95

24619 C64/C128, Disk/Light Pen/Manual **New Low Price $89.95**

FLEXIFONT. An indispensable addition to your Inkwell graphics system, gives you character generation ability at the touch of your FLEXIDRAW light pen. Choose from the 33 built-in letter styles or create your own with symbols and pattern libraries. Flexifont will copy, paste, flip, rotate, print, and edit saved or loaded symbols. Flexifont is an inexpensive necessity for creation of anything from official documents and newsflyers to personal letters and formal invitations. Requires FLEXIDRAW. Sug. Retail $29.95

The New Official Disk Operating System For The C64!

Give Your C64 A "Mac" Look With Menus, Icons And Windows!

Just look at these benefits: Speeds disk access by as much as 7 times—Easy icon-based file handling—geoPaint software for easy charts, diagrams & pictures—geoWrite software for "What you see is what you get" word processing—Multiple fonts, point sizes, & styles—Desk Accessories software, including calculator, alarm clock, & more.

GEOS is a lot more than just a new software product. Commodore has proclaimed it the Official Disk Operating System for the C64, and is bundling it with the 64C. GEOS dramatically changes the look and feel of the C64's operation by incorporating a menu, icon, and window based user interface similar to that pioneered by Xerox and popularized by the Macintosh. This means a much easier, friendlier, and faster way of communicating with the computer.

Beyond the most visible change in the screen display, GEOS does much more. By speeding up the disk drive performance, GEOS is able to page memory in from the disk. This allows applications to be developed that were previously only available on much more expensive computers. The result: two programs that provide an integrated environment for home desktop publishing — geoWrite and geoPaint.

geoWrite is a "What you see is what you get" word processor. Text appears on the screen exactly as it will be printed out. It includes six proportionally spaced fonts in a number of point sizes and type styles. More fonts will be available soon. geoPaint is a super graphics editing program that lets you use 32 different paint brushes, a pencil, an airbrush, a ruler, and much more.

$44.95

Graphics and text can be cut and copied between applications. Two special desk accessories — the Photo Manager and Text Manager — allow pieces cut and copied from write and print documents to be saved in albums, and later incorporated in new documents.

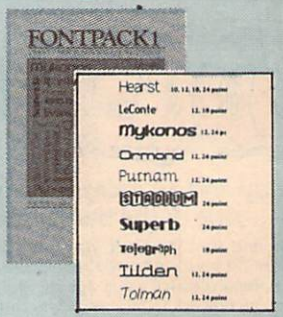
There are simply too many features and benefits to describe in detail — suffice it to say that this is the most revolutionary product ever introduced for the C64, and that no user will want to be without it for very long. Additional application programs are listed below. Enter a new world of computing with GEOS! From Berkeley Softworks.

Sug. Retail $59.95

43922 C64/C128, Disk **$44.95**

Personal Publishing For The C64/C128! More GEOS Power!

FONTPACK 1 contains 20 new and exciting fonts (typefaces) for use with the GEOS applications, geoPaint and geoWrite. Each font brings its own unique character and impact to all your printed presentations. Jazz up a newsletter! Spruce up a report! Create announcements and invitations that no one will forget! Typefaces range from traditional, to whimsical to a mathematical symbol font. Pick a font and a point size that suits your need and type away. What you see on the display screen is what you'll get off of your dot matrix printer. Express yourself distinctively with the 20 new fonts from Fontpack 1! From Berkeley Softworks.



Sug. Retail $29.95

64157 C64/C128, Disk **$19.95**

WRITER'S WORKSHOP gives you the ability to create professional quality documents right from your own desktop! **geoWrite 2.0** is a full-featured word processing program which has many features found in much higher-priced programs, and some features that even the others don't have. The program has full justification and centering, multiple rulers, search and replace, headers and footers, superscript and subscript, and much more. **geoMerge** is a powerful mailmerge program that cuts repetitive tasks down to size. Combined with other GEOS applications, you can create personalized form letters; produce inventory and price tags, data lists, and more; quickly merge groups of address information. **Text Grabber** converts documents from other word processing programs to the GEOS format. **geoLaser** is an application which allows you to use the Apple LaserWriter laser printer to produce near typeset quality output using GEOS. No LaserWriter? Don't fret! Access to a LaserWriter is no more than a phone call away. Simply upload your files onto QuantumLink. (See page 4.) They will be printed and mailed back to you, laser perfect! From Berkeley Softworks.

Sug. Retail $49.95

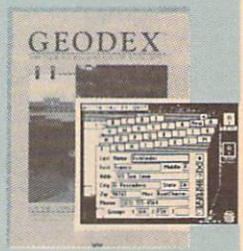
64287 C64/C128, Disk **$36.95**

DESKPACK 1 contains four new desk accessories which can be "popped" up in any GEOS application. This package is not only useful, but entertaining. **Graphics Grabber** converts the artwork and graphics libraries of other popular Commodore graphics programs so that they can be used in GEOS. Now you can "grab" pictures and graphics from such programs as PrintMaster, Print Shop, and Newsroom, and use them in your GEOS files and documents. **Icon Editor** lets you convert non-GEOS files to the special GEOS format, as well as create your own customized icons. Icon Editor will not alter the information in a file, or the way in which a file is stored on the disk. In other words, after the conversion, a file will work exactly as it was originally intended to work. **Calendar** is a desk accessory that you can open while you are working in any GEOS application. You see an entire month displayed on your screen. Attach memos or notes to individual dates and keep up with your busy schedule! **Blackjack** lets you have a break after all the productive work you've done with GEOS! Sit back and relax while you improve some (possibly) profitable skills!! From Berkeley Softworks.

Sug. Retail $34.95

64164 C64/C128 **$24.95**

GEODEX. The search is over with this GEOS-compatible directory that generates mailing lists, prints address labels, and sorts all sorts of things for your Commodore. You can call up a directory organized from any three categories you choose. Organize people by name or telephone number or any other characteristic! geoDex comes with a mail merge that customizes form letters, announcements — even party invitations — with the names and addresses stored in geoDex. From Berkeley Softworks.



Sug. Retail $39.95

64284 C64/C128, Disk **$29.95**

GEOCALC is the GEOS-based spreadsheet, useful for all personal financial analysis needs including budgeting, cost estimating, mortgage analysis, tax planning, and financial statement generation. Not only can you keep track of what has happened, but you can look at and plan the "what ifs" of the future. You have a spreadsheet containing 112 columns and 256 rows for data; you get basic arithmetic functions to 12 places of accuracy, including add, subtract, multiply and divide; geoCALC will perform sum and average calculations of date, display two different portions of a spreadsheet at the same time, and much, much more. From Berkeley Softworks.

Sug. Retail $49.95

64304 C64/C128, Disk **$36.95**

GEOFILE is the GEOS-based filing system for managing virtually all types of information. Data is stored and organized in "forms" which the user designs on the display screen. You can use geoFILE to keep track of everything from invoices and client records to inventory lists and investments and even recipes and stamp collections. Outstanding features include full page database form size (8½ by 11 inches); automatic data sorting; variable keyword search command, and much more. From Berkeley Softworks.

Sug. Retail $49.95

64307 C64/C128, Disk **$36.95**

GEOPRINT CABLE. Specially designed for GEOS applications, this handy cable plugs directly into your user port and your parallel printer to provide fast and easy printing. There are no switches or settings to mess with, and the cable consumes no power itself. Extra convenient, because it has fewer wires than most interfaces, has no interface box, and is a full six feet long. (NOTE: the geoPrint Cable is designed specifically for use with GEOS applications, and may not be compatible with other software.)

Sug. Retail $39.95

ICON FACTORY

Take those great graphics from Newsroom, Print Shop and Print Master - enlarge and alter them, then bring them into your popular drawing programs.

GET THE PICTURE?

ICON FACTORY is a new tool to convert graphics from one format to another and to actually improve the graphics in the process! You can convert them, blow them up, position them, etc. Graphics can be enlarged and smoothed with the amazing Optimizer. Icon Factory is compatible with Print Shop, PrintMaster, Newsroom, Doodle, Flexidraw, Blazing Paddles, Computereyes, Supersketch, Billboard Maker, Koala, and Animation Station. Although printing is optional, Icon Factory works with properly interfaced Star, Epson, Okidata, Commodore 801/1525, and compatible printers. From Solutions Unlimited. Sug. Retail $39.95
Only $29.95
54213 C64/C128, Disk

BILLBOARD MAKER

Create Giant 4 Foot Posters!

BILLBOARD MAKER lets you blow up your usual 6½" by 8½" screen printouts to an eyepopping **3 feet by 4 feet!** How does it do it? First, it takes your original screen and divides it into either four or sixteen screens, each stored as a separate file. If you want, you can use the Optimizer function on high resolution pictures (like those from Doodle or Flexidraw) to smooth out jagged edges; you can even redraw or add new detail to the individual screens. Billboard Maker will then print out, using regular size paper, the enlarged image. (For example, a 16 time blowup prints as four "strips" which can be trimmed and pasted together for the full poster.) The program is compatible with Doodle, Print Shop, Flexidraw, Computereyes, Animation Station, Blazing Paddles, Koala, and Supersketch. Printers supported are Star, Epson, Okidata, Panasonic, Commodore 1525, Canon Color Inkjet, and compatibles. From Solutions Unlimited.

Whether you're an aspiring journalist, or you merely got stuck producing your club newsletter, THE NEWSROOM helps you design, produce and print out your own newspaper with ease and style! THE NEWSROOM's picture menu offers easy access to the six areas of activity.

THE NEWSROOM. Direct all the activities of a newspaper company from your computer. Journalists of all ages can easily create stylish publications for any purpose. In the **PHOTO LAB** select from a library of over 600 pieces of clip art, then combine, alter or create special pictures with the graphic tools. At the **COPY DESK** choose from 5 different styles which automatically arrange around the artwork. Create **BANNERS** to top off your newsletter using extra large typefaces and borders. As **LAYOUT EDITOR** position and arrange the work easily. If you have a modem, the **WIRE SERVICE** sends and receives text and pictures between computers. Get the **PRESS** rolling and print out the newsletter on letter or legal size paper. Be sure to try out Astrobright continuous sheet paper in vivid blue, red or gold to attract everyone's attention (opposite page). The Newsroom comes with a 75 page instruction booklet filled with ideas. Sug. Retail $49.95

commodore COMPUTERS

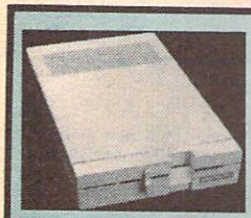
C128 Computer System

A great way to upgrade your system! Start with your current C64 peripherals and software, and add on as your budget permits!

THREE COMPUTERS IN ONE. The amazing C128 is actually three computers in one, a Commodore 64, a powerful CP/M machine, and a brand new 128 with unbelievable features for a computer costing under $500 — 40/80 column display, 128K RAM (expandable to 512K), a versatile and easy-to-use new 7.0 highest level BASIC. In the CP/M mode you will be able to tap the huge library of business, technical and home programs developed for the highly popular CP/M operating system. In the 128K mode, you will be able to use powerful new software (or write your own) that takes advantage of more memory, more commands, 80 screen columns (great for word processing and spreadsheets), numeric keyboard, new cursor control and function keys, and more. In the CP/M and C128 modes, the new C128 will display a full 80 columns — just like business computers costing hundreds or thousands more. (Note: an RGB monitor or 1702 monitor with special cable is needed to use the 80 column mode.)

Sug. Retail $349.95

35186 C128 Computer **$269.95**



COMMODORE 1571 DISK DRIVE. While your 1541 drive will work with the C128 in all three modes, the new 1571 drive lets you take advantage of greatly increased operating speed and more data storage in the C128 and CP/M modes. Compatible with C128, C64, Plus-4, C16, and VIC20. Requires double sided disks.

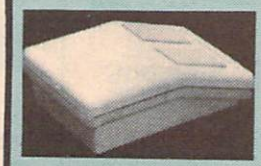
Sug. Retail $299.95

35912 **$259.95**

MORE MEMORY FOR YOUR C128!

Add more memory to your C128 with these handy plug-in cartridges from Commodore. Turn your machine into a 256K or 512K computer.

54556 256K Cartridge **$109.95**
54565 512K Cartridge **$179.95**



1351 MOUSE FOR C128. The easiest, most user friendly input device ever invented. Just roll on any flat surface for complete cursor control.

Sug. Retail $69.95

37885 **$42.95**

1660 300-BAUD MODEM. This feature-packed modem from Commodore uses standard 300 baud speed and features auto answer/auto dial, a switch for originate/answer and a built-in speaker. Includes all the software you need to get started.

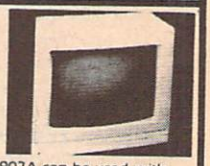
Sug. Retail $79.95

36966 **$69.95**

1670 1200-BAUD MODEM. How does FOUR TIMES the data transmission speed of a standard 300 baud modem sound? This new 1200 baud modem from Commodore plugs into the user port and comes complete with terminal software. Auto dial and auto answer, auto baud and parity.

Orig. Sug. Retail $199.95

36952 **$139.95**



1902A RGB-COMPOSITE MONITOR. In the C64 mode, the C128 uses a composite monitor to display 40 column text. In the 128 and CP/M modes, it can display 80 columns using an RGB monitor. The new 1902A monitor features both RGB and composite input modes, and a high resolution 13" screen. In addition to giving crisp 40 and 80 column displays, the 1902A can be used with a VCR or television tuner as a video display.

Sug. Retail $349.95

35926 **$CALL**

THE COMMODORE 64C™

Fully C64 Compatible

Includes: •GEOS •QuantumLink •Word Processor & Desktop Utilities

THE COMPUTER. The new 64C resembles the sloped design of the C128 computer. It includes all the key features of the C64 including 64K RAM, 20K ROM, 3-voice sound capability, 16 colors and 320x200 resolution graphics. Uses the same hardware and any of the thousands of software packages available for the C64.

THE EXTRAS. GEOS (Graphics Environment Operating System)* comes on disk with each computer, as well as the **geoWrite** word processor, **geoPaint** paint and design program, and Desktop Utilities including a **calculator, address book, calendar** and **alarm clock.**

Rounding out the new 64C package is the **QuantumLink telecommunications software** . . . all you need is a disk drive and modem and you can tap in the telecommunications service specifically designed for Commodore 64/128 users.

Sug. Retail $229.00

ENTER THE EXCITING WORLD OF TELECOMPUTING!

One of the most popular uses of home computers is to "talk" to other computers and computer users. The diversity of on-line services is staggering—from the latest news to airline schedules, from stock prices to interactive adventure games, from electronic mail to patent searches — all you need is your computer, a modem, terminal software, and a phone line. In addition to the national on-line databases like the Source, CompuServe, Dow Jones, and others, there are hundreds or even thousands of local "bulletin boards" run by user groups or individual enthusiasts. Telecomputing is so much fun and offers such a variety of activities that for many users it is the principal use of their home computer.

Abacus Software

SPEEDTERM-128. Abacus introduces a highly flexible command driven terminal package for the C128. A huge 41K text buffer allows downloading to the buffer or a disk. Works in 40 or 80 column mode. Supports Commodore and Hayes-compatible modems. Uses Xmodem and Punter file transfer protocol. V52 terminal emulation mode includes cursor key. Includes manual with tutorials and information on various database services. Sug. Retail $39.95

Blast Into The IBM Universe
With The TENEX Turbo PC/XT

As Advertised In The Wall Street Journal!

Introductory Price!! $499!!!

We are really proud of this one! You simply **cannot** beat the quality, performance, and price of our TENEX designed IBM® PC and XT® compatible!! Comes to you fully assembled and configured with all these features:

- Proven IBM compatibility!
- Switchable standard speed (4.77 MHz) and turbo speed (8 MHz)!
- 256K RAM installed, expandable to 640K on motherboard!
- One 360K half-height disk drive and controller installed!
- Controller for a second 360K floppy drive installed!
- Parallel printer port installed!
- Color graphic driver installed for RGB and composite monitor! OR Monochrome Graphics port installed for monochrome monitor!
- Guaranteed Lotus 1-2-3 graphics compatibility!
- Terrific new IBM AT® style keyboard!
- Big **150 watt** power supply installed!
- FCC certified and legal BIOS!
- Operating manuals included!
- Sturdy metal frame and case with speaker!
- Full 90 day warranty plus the TENEX satisfaction guarantee!

Shown with optional amber monitor.

For this breakthrough price, you have a complete system with **more** computing power than the IBM PC or XT! Take your system out of the box, plug it in, connect your color monitor and printer . . . and off you go. Run Lotus 1-2-3, dBASE III, Wordstar, Flight Simulator, and the thousands of other PC software products. Full size metal chassis gives you eight expansion card slots **and** room and power cables for four half-height disk drives.

You choose the speed of calculation: standard 4.77 MHz or **turbo** 8 MHz. Zoom through programs 1.6 times faster than the IBM PC or XT (Norton benchmark). For games and other speed-dependent software, simply switch to the slower clock rate.

The detachable keyboard mirrors the famous IBM AT in looks, quality, and feel! Features ten function keys, numeric keypad, extra large shift and return keys, and lighted indicators for scroll, caps, and number lock.

Your TENEX Turbo PC/XT will accept IBM compatible components, giving you flexibility in expanding your system and security in the event repair is needed. And remember your TENEX technical staff is there when you need them!

No corners have been cut in producing this incredible system for this amazing price . . . we just used our same purchasing power and Ph.D. technical staff we use to bring you the other terrific products found in our catalogs. Note: an IBM compatible disk operating system (DOS) is required. Use your own or choose from those listed below.

67219 Turbo PC/XT **Introductory Price $499.00**

Please include an additional $10.00 to our regular shipping charges.

✱ Now is the time to **design your dream system** . . . order the following components together with the TENEX Turbo PC/XT above and we will install them and test your system **for no extra charge!** All components are backed by a full 90 day warranty. ✱

TURBO PLUS CARD. Adds serial port for modem or serial printer, real-time calendar/clock with quality lithium battery (never enter time and date again), joystick port, and light pen port.

67294 Turbo Plus Card **$49.00**

RAM MEMORY EXPANSION. Full 640K upgrade will provide you with more than enough memory to run memory intensive programs. Completely installed on motherboard. No chips for you to install.

67298 RAM Memory Expansion **$49.00**

SECOND DISK DRIVE. One top quality half-height 360K disk drive. Add it to the TENEX Turbo PC/XT above and you will have a complete two disk drive system for only an additional $99.00. Uses double sided, double density diskettes ~~$119.00~~

38604 Second Disk Drive **$99.00**

(—Special only $99.00 when purchased with Turbo PC/XT.)

MS-DOS VERSION 3.1. Standard operating system for IBM PC compatibles. Compatible with all IBM PC software for MS-DOS 3.1 and earlier versions. Compatible with floppy and hard disks. Includes one disk and manual.

67355 MS-DOS 3.1 **$24.95**

AMBER MONOCHROME MONITOR. For the intensive computer user, the resolution of even good color monitors may be fatiguing. Monochrome to the rescue! Have clear text and graphics with this superb twelve inch diagonal amber monitor with pinpoint resolution and an equally sharp price. Cable included! Specify monochrome graphics card.

67313 Amber Monitor **$99.00**

RGB COLOR GRAPHICS MONITORS. Please refer to page 44 of your catalog for our selection of quality monitors.

PRINTER CABLE. Connects your IBM compatible computer's 25 pin parallel port to any "Centronics" standard parallel printer (36 pin input). Six foot length.

13009 Printer Cable **$19.95**

ANALOG JOYSTICK. Great for graphics and games! Features independent X and Y axis controls, fire button, and auto centering mechanism in a sleek, professional design. Connects directly to your TENEX Plus Card.

67335 Analog Joystick **$16.95**

20 MEGABYTE HARD DISK. Go for the gold! For this incredible price you can enjoy the speed and convenience of our best quality **internal** hard disk system. End the floppy shuffle by storing software and data on your hard disk. Complete with controller card.

67345 20 Megabyte Hard Disk **$399.00**

MICROSOFT MS-DOS VERSION 3.2. Microsoft's newest and most advanced operating system. Compatible with floppies and hard disks. Also included at no extra cost is **GW-BASIC,** a super extended instruction set of the standard BASIC language, including User's Guide and Reference. Includes print spooler, other supplemental programs, and utilities such as Link and Debug. Two disks and complete documentation in 3-ring binders.

67369 MS-DOS 3.2 **$84.95**

Full IBM Compatibility in a Laptop!

Imagine a computer that is small enough to take anywhere yet runs all popular IBM software. Imagine how useful it could be for business people who travel but need access to word processing, spreadsheets, databases, or other application programs that are compatible with the same programs at the home office! Well, it's here now! The Bondwell 8 is a rechargeable battery-powered laptop computer that features IBM compatibility plus an almost incredible number of standard features. Included in the basic unit are **512K of RAM** (enough to run any commercial program), a **built-in 3½" floppy disk drive,** a **built-in modem,** an **LCD display with backlight,** both **parallel and serial ports** (for a printer or other peripherals), an **AC adapter,** and a **monitor connection** for use with a monochrome monitor if desired.

Transferring data files and software is unbelievably simple using the optional external 5¼" drive. Just copy them back and forth as needed, or use your application software to "save" the file to the desired format. Since each 3½" disk holds 720K of data (twice the normal 5¼" capacity), there's lots of room on a single disk for both your program and files! Sug. Retail $1,595.00

55695 Bondwell Model 8 Laptop Computer **$1,099.00**

55705 External 5¼" Disk Drive **$295.00**

55714 Carry Case for Model 8 **$34.95**

MICRO FLOPPY DISKETTES. From Fuji. Five 3½" double-sided diskettes per box.

33936 **$19.95**

(Almost) Free Software!

You can save a lot of money by buying our Turbo PC/XT computer, and you may not want to spend those savings right away by buying hundreds or thousands of dollars worth of applications software. Here are some very high quality user supported programs that will get you going in all the important areas. These are self-documenting programs that have been released for public distribution by their authors, some of whom hope that users who like and use them will send them a contribution. These disks are not copy protected and may be duplicated for personal use.

PC-WRITE. Super word processor . . . some say it's better than WordStar.

41436 IBM, 2 Disks **$10.00**

PC-FILE EXPRESS. Easy to use database. Very good review by PC Magazine. 200 pages of documentation.

41440 IBM, 2 Disks **$10.00**

PC-CALC. Popular spreadsheet from the authors of File Express.

41455 IBM, Disk **$5.00**

pBASE. Heavy duty programmable relational database system.

41469 IBM, Disk **$5.00**

PRO-COMM. Easy but powerful communications software . . . many say better than PC-TALK and QMODEM. Supports any baud rate and all modem features. Includes list of hundreds of bulletin boards.

41474 IBM, Disk **$5.00**

We have dozens more of these "almost free" programs, including utilities, games, business programs, and education software. We also sell hundreds of popular commercial programs at substantial discounts. Call or write our customer service department for a current listing.

NP-10
Unmatched Performance & Price

- **Draft Printing and NLQ**
- **Great for School or Home**
- **One Year Warranty**

$189.95

NP-10. Ideal for school **and** home use, one of the newest printers in the Star line promises to be a best-seller due to its great features and unbeatable price! You get superb draft printing at 100 cps and it's easy to switch to crisp, precise near-letter-quality at 25 cps. Easy front panel operation allows you to change modes at the simple touch of a button. Tractor and friction feeds standard. Printing is bidirectional in draft mode and unidirectional in bit image and NLQ modes. Five character sets are available in draft mode including italic and international characters, with three sets available in NLQ. 2K buffer. Standard parallel interface. Full one-year warranty. Sug. FREE GRAPHICS INTERFACE
See page 33

The **NX-10** features easy front panel operation . . . no more fumbling with dip switches to change modes and functions! With the NX-10, you simply touch a button on the control panel to select the typeface and print pitch, or to switch from draft to near-letter-quality mode. You can even set margins and align forms! Draft printing is bi-directional at 120 cps. Near-letter-quality mode prints at 30 cps with letters so crisp it's a shame to call it only "near" letter quality. The nine wire print head assures dense, readable characters, even in draft mode.

Another new feature is the Auto Paper Feed . . . it only takes a flip of the paper release lever to automatically feed single sheets into the NX-10. They'll be in position and ready for printing! The big 5K buffer means your computer is free sooner for other tasks. Of course the NX-10 has that famous Star quality and state-of-the-art features such as true descenders, international character sets, IBM special and block graphic characters, and a full range of print size, column size, and character fonts.

The NX-10 has both push tractor and friction feed as well as the convenience of a clean, long-life ribbon cassette, forward and reverse paper feed and a nationwide service network. The interface is standard parallel so you can use one of the interfaces listed on the opposite page. Sug. Retail $349.00

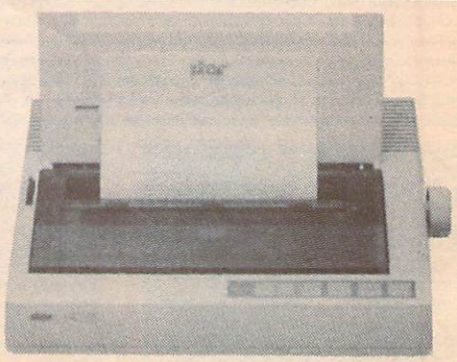
NX-10C Commodore Ready!

- **High Quality NLQ**
- **Easy Operation**



NX-10C. This Star printer has a **built-in Commodore interface** . . . just plug it in and your text and graphics come out clean, clear and crisp. It features **easy front panel operation,** so there's no more fumbling with dip switches to change modes and functions. With the NX-10C, you simply touch a button on the control panel to select the typeface and print pitch, or to print in either draft or near-letter-quality mode. You can even set margins and align forms. Another outstanding feature is that it only takes a flip of the paper release level to automatically feed single sheets into the NX-10C; it comes with an adjustable **tractor** as well as **friction feed.** Nothing beats the Star NX-10C's precise 30 cps near-letter-quality printing or its superb draft quality printing at 120 cps. As with all Star printers, it gives you a full one-year warranty; a clean, long-life ribbon cassette, and a nationwide service network. Discover the **quality and reliability** Star is famous for! More economical version of above. See page 37.

MICROGRAPHIX **$69.95**
Includes CP/M mode. See page 36.

FREE Graphics Interface Offer!

A $69 Retail Value!

Leave it to TENEX Computer Express to come up with the best possible way to add a printer to your Commodore system. Just purchase a Star Micronics NX-10 or NP-10 printer at our already low catalog price, and we'll send you this high quality graphics interface absolutely free! You'll have the best of both worlds — a fast parallel printer that can be used with virtually any standard computer and an interface that will let you print both text and graphics with your Commodore 64.

This interface has some great features, too. Due to its miniature, low power circuit design, it does not have a bulky interface box and does not need a cassette port plug as a power source. Its handy phone style coiled cord helps reduce cable clutter. It even comes with a disk with some handy utilities.

We made a special purchase of these interfaces so that we could offer you this unbeatable combination. That means our supply is limited, though, so avoid being disappointed and order today. To receive your free interface, order the eligible printer of your choice and also order Item Number 67489 and write "FREE" in for the price — it's that simple. If you are ordering by phone, be sure to tell the person helping you that you want the free interface.

This is undoubtedly the best interface value we've ever offered, so don't wait any longer to add one of Star's great printers to your system today!

A Commodore-Ready Dot-Matrix Printer with Advanced Features

BEST SELLER!

from **SEIKOSHA**

For Only $189.95

The **SP-1000** printer from Seikosha features a direct-connect Commodore interface. . .just plug it in and print! No need to buy any other cables or interfaces. Just look at these great features! A print speed of 100 cps in draft mode, with the added plus of reduced noise level. Or slow it down to 20 cps for near-letter-quality printing (check the "Print Sample" and we think you'll agree this is excellent type quality). Pin-feed **and** friction-feed are standard on the SP-1000, along with an automatic paper loading function. Character sets include pica, elite, proportional, elongated, condensed, italic, and super/subscripts along with underlining, bold print and double-striking. Also includes right and left margin set function, 1.5K buffer, self-test, and dot-addressable graphics. This Seikosha SP-1000 printer is backed by an exceptional full 2-year warranty! Buy with confidence. From Hattori Seiko Computer Peripherals. Sug. Retail $270.00

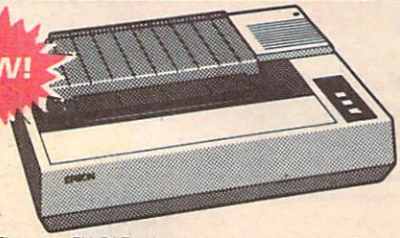
NEW!



SUPER FEATURES!
160 CPS!

FX-86E. The new FX-86E printer is an improved version of the famous FX-80. High speed operation at 160 characters per second is further enhanced by a huge **8K buffer** which greatly reduces computer "waiting time." Near-letter-quality print at 32 cps is switch selectable and features beautiful serif characters — must be seen to be appreciated. Built-in centering and justification are handy, too. New low-noise lid helps contain sound problems. The FX-86E handles 9½" paper. This printer is ideal for office use due both to its rugged construction and its outstanding performance. Use parallel interface to connect a Commodore. Sug. Retail $549.00

65249 FX-86E Printer **$409.00**
19200 Ribbon for FX-86E **$6.99**

200 CPS

FX-286E. Turn out drafts at high speed, (200 cps) near-letter-quality copy at 40 cps, and graphics of superb resolution. SelecType gives you numerous typestyles at the touch of a button. Standard tractor **and** friction feed accommodate virtually any type of paper. The interface is standard parallel, and a special "dual identity" allows you to switch from Epson standard code compatibility to IBM printer emulation. You can even get built-in IBM graphics character sets for sharp resolution in graphics, charts and illustrations. Bi-directional, logic-seeking print. Includes a big 8K internal buffer. Wide 136 column carriage handles paper up to 16 inches wide. Full one year warranty. Sug. Retail $799.00

TIED UP BY PRINT TIME?

Cut Output Time to Seconds Instead of Minutes

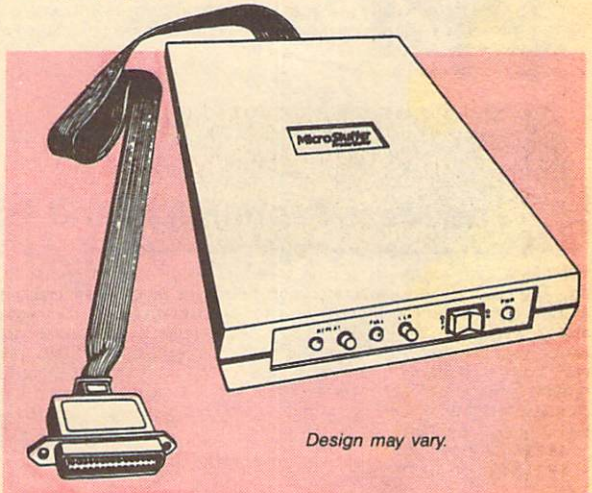
We were astonished when we tried out the new 64K printer buffer. We connected it between our computer and a daisywheel printer and cataloged a disk to the printer. To our amazement, the printer had just banged out the first few characters when the computer completed the task and asked for our next command. While the printer continued merrily on its way, we were able to use the computer totally independently. This was so much fun we tried it on word processing, mail lists, and other printing tasks — and were thoroughly impressed by the printer buffer's speed and versatility. Imagine printing a lengthy document in seconds instead of minutes! Think of the increase in personal productivity — while the printer is still working on one document, you can be loading and editing the next! The printer buffer will receive print data at rates up to 8000 cps and then send it to your printer at the printer's own print rate, freeing the computer for your next job. With 64K of usable RAM, the buffer has enough memory to hold approximately 45 pages of double spaced text or numerous pages of detailed graphics. Because the printer buffer has its own power supply, it will continue to hold data even if the computer or printer is turned off, or is off line. Start saving time now! Order your 64K printer buffer today at our low price of $59.95. The buffer works with most parallel compatible computers and printers, plotters or modems. It's easy to install . . . just plug it in and it goes to work!

64K Printer Buffer

ACTUAL TIME COMPARISON

	WITHOUT PRINTER BUFFER	WITH PRINTER BUFFER		
	Gemini 10X direct connect to parallel output	Computer-to-Printer Buffer	Print Time Gemini 10X (120 CPS)	Print Time SCM TP-1 (12 CPS)
1 Page Business Letter	40 sec.	4.5 sec.	28 sec.	2 min. 50 sec.
8 Page Text Document	8 min. 10 sec.	46 sec.	5 min. 43 sec.	(not tested)

Not only does the printer buffer allow the computer to become available for other use within seconds, it can even result in substantially lower print times! (All tests were run on a TI 99/4A with parallel output; results will be generally similar for other computers and printers.)



Design may vary.

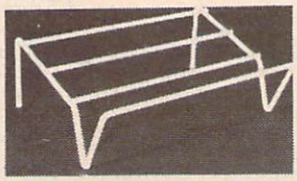
LOW PRICES!

Space Saving PRINTER STAND

Suncom

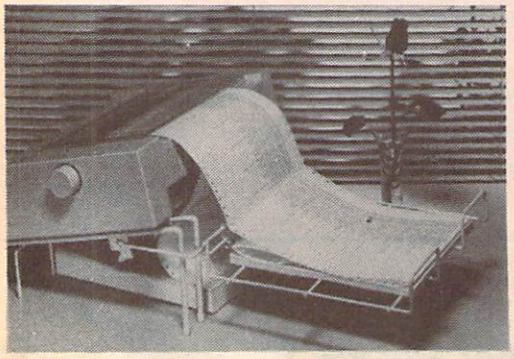


PRINTER STAND. At last a printer stand priced for homes and small offices! We've always liked the convenience and organization of an elevated printer stand — you can put your paper underneath the stand to save valuable table space and make feeding easier. The problem, up until now, has been price. Stands sold to the office market often cost $40, $50, $60 or even more! These great stands from Suncom, a leader in microcomputer accessories, solve the price problem and offer features not found on models costing more than twice as much.

The stands feature **heavy-duty welded steel wire construction** and have a vinyl coating to reduce noise and vibration and provide an attractive appearance that will blend with your computer decor. Another plus that the designers of many more expensive stands left out: our Suncom stand holds the printer at an angle that makes it much easier to see your output as it is being printed.

We use one in our office and agree that this much convenience at such a low price is real value. Available in two widths: 12" for most 80 column printers (Gemini 10X, SG-10, NX-10, etc.), and 18" for most 132 column printers (Gemini 15X, SG-15, FX-100, etc.).

33232 12" Printer Stand — **Now Only $6.95** ~~$14.95~~
33246 18" Printer Stand — **Now Only $12.95** ~~$22.95~~



PAPER TRAY

PAPER TRAY. Once Suncom gave us an efficient, economical printer stand, they went to work on another problem . . . what to do with the printout that comes out of the printer and tends to spill all over the table and floor and get into a real mess? They developed the Suncom Paper Tray! The tray is of the same solid construction as the printer stand and attaches to the rear of all Suncom stands. It receives the printed paper as it comes out of the printer and helps to neatly fold and stack it. A real labor saver! Sug. Retail $14.95

42091 Paper Tray — **$11.95**

Micrographix™ Interface With CP/M

The Best Just Got Better

MICROGRAPHIX INTERFACE. Many of the printer interfaces on the market claim compatibility with the Commodore 64/128 and popular matrix and daisy wheel printers. Some manufacturers emulate the Commodore printer, but leave out important reverse alpha and numeric characters and other features. Others address this aspect but their graphic character representations leave much to be desired. Other interface manufacturers claim compatibility by including software or screen dump equivalents. After looking at all these interfaces, Micro R & D, Inc. took all the best features, improved them and produced the Micrographix Parallel Printer Interface for the Vic 20, C64 and now the C128!

This **totally intelligent interface** contains a complete microcomputer in a box and it plugs into the standard serial port just like the Commodore printer. Now upgraded, Micrographix contains compressed mode with audible tones, enhanced mode with double strike and a buffer repeat function which allows you to reprint what is in the buffer as many times as you desire. Comes with a 90 day manufacturer's warranty.

Sug. Retail $89.95
54673 Micrographix Interface — **$69.95**

RS-232 Interfaces

DELUXE RS-232 INTERFACE. Just plug the Deluxe RS-232 Interface into the USER I/O port of the C64, C128 (all modes), SX64, Plus4 or VIC-20 and you can connect standard RS-232 accessories to your computer such as Hayes compatible modems, packet radio controllers, voice synthesizers, EPROM programmers, etc. (PLEASE NOTE: Due to software compatibility, to hook up a serial printer we recommend the Serial Printer Interface listed below). From Omnitronix, Inc. Sug. Retail $49.95

65098 Deluxe RS-232 Interface — **$44.95**

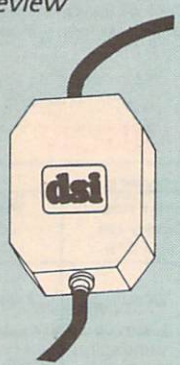
SERIAL PRINTER INTERFACE. Allows you to hook up a standard RS-232 printer to the correct printer connection (Serial Bus) on your Commodore. Compatible with C64, C128 (in all modes), SX64, Plus4, and VIC-20. Supports all standard Commodore printer commands. From Omnitronix, Inc. Sug. Retail $79.95

65105 Serial Printer Interface — **$69.95**

Graphics Printer Interface

"Another one of the fastest graphic interfaces that we time tested."
Info 64 Product Review

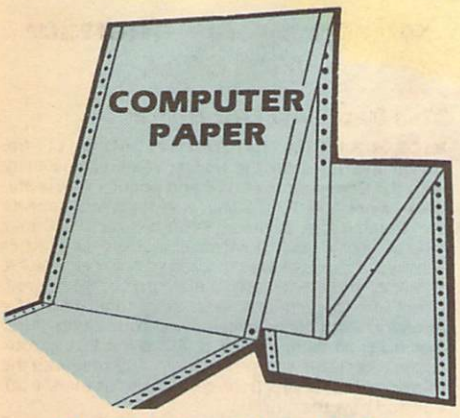
PPI™ with graphics



The Most Economical and Powerful Graphics Printer Interface We've Ever Offered!

The **PPI INTERFACE** from DSI will let you connect any standard parallel printer (including Epson, Star, Okidata, and many more), to your C64, C128 or VIC20 computer. The PPI does it all: graphics, text, Commodore graphics, expanded, reversed, and condensed characters. Fully shielded to avoid interference, the PPI has no confusing DIP switches. Just plug it in and it works. The PPI has been proven with many popular software packages, including Print Shop. High Speed Graphics buffer avoids super-lengthy print times. Connects to computer or disk serial port and computer cassette connector (for power only). No other cables needed. A fast and easy way to start printing. Sug. Retail $49.95

33565 PPI Interface Cable — **$39.95**



No Printer Should Be Without It!

COMPUTER PAPER. Handy packages of the best quality printer paper. Continuous 9½"x11" sheets of 20# bond clear white paper, "Z" folded with ½" perforations on each edge. Tears clean for letterhead quality drafts. Each package contains 540 sheets.

NEW LOW PRICE!

CardPrint G-Wiz Interface

CARDPRINT G-WIZ INTERFACE. Here's an interface that can't be matched for price and performance! Designed by the same company that produced the +G, the all-time best selling Commodore interface. The G-Wiz buffer dumps high-resolution screens **up to 18 times faster** than competitive interfaces without buffers. No more waiting! Only the G-Wiz matches graphics characters to standard characters on Okidata, Epson, Star, Prowriter, Smith Corona, C-ITOH, Gorilla Banana, and many other dot matrix printers. This means you can **perfectly align high resolution graphics** characters within text blocks, or in columns. We have no doubt that the CardPrint G-Wiz Interface will become the new standard of performance and value in the Commodore printer interface market. 30 day warranty from TENEX. From Supra.

Paper For Your Okimate!

THERMAL TRANSFER PAPER. If you have an Okimate or other printer that uses thermal transfer printing for color or black and white, you need this great new paper product! Specially made for today's thermal transfer printers, this paper is extremely smooth and white. The cracking, flaking, and rubbing off that sometimes occur with regular paper are avoided, and the extra brightness and whiteness make colors seem more vivid. Extra-fine perforated edge tears clean for a professional appearance. Pack of 250 Continuous Sheets.
67478 Thermal Transfer Printer Paper **$8.95**

Bulk Labels Save Money!

NEW!

If you are tired of paying premium prices for little packages of labels that are gone in no time, try these high quality continuous labels specially designed for computer use. The bigger packages will last longer, and you'll save big money!

ONE-ACROSS LABELS. Perfect for mailing lists! Labels are self-adhesive on continuous pin-punched carrier for tractor feed printers. Carrier width 4¼". Label size 3½" x 15/16". This label will work with all mailing list programs that use a standard size label. Big 5000 quantity box at a bargain price.
19267 One-Across Labels **$14.95**

THREE-ACROSS LABELS. Self-adhesive labels on a continuous 9½" wide carrier that fits all standard printers — even fixed tractor units. Labels are 2¾" x 15/16", and placed in rows of three. 3000 to a package!
22277 Three-Across Labels **$14.95**

Our Best Selling Disk Drive
Comes with Big Software Bonuses!

INDUS GT™

from
Future Systems
1 Year Warranty!

INDUS GT. The fact that this drive will operate up to 400% faster makes this drive a great alternative to the Commodore 1541 drive. Its compact size and sleek good looks are a plus, a built-in wedge makes it super-easy to use. The track display, built-in dust cover, electronic write-protection, and other features just aren't available on the competition. Everything about this drive is well designed. That's why we were surprised to see such a reasonable price on this standout performer. (And of course, our big discount makes this price even MORE reasonable.)

What REALLY knocked our socks off, though, was that Indus didn't just design a great drive package and sell it for an economical price — instead, they decided to make the drive practically pay for itself! Included with each drive is a sophisticated, user friendly software starter package consisting of a full-featured word processor, a flexible spreadsheet (up to 26 by 99 columns and rows), and a menu driven database manager. YOU COULD PAY HUNDREDS OF DOLLARS for these same applications if you purchased them separately! That's why we say the Indus GT is the most complete disk drive you can buy for your C64 — and the best!

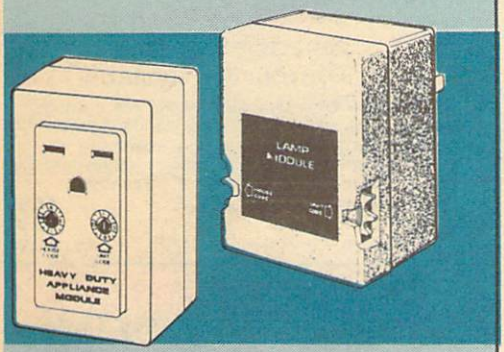
X-10 Modules & Devices

X-10 offers a wide selection of plug in modules and wiring devices to make connecting any kind of lamp or appliance easy. Standard lamp and appliance modules plug into the wall between the existing outlet and the lamp or appliance. Wall switch modules are used for switch controlled lights (incandescent only) and replace the existing wall switch. Wall receptacle replaces standard outlet. The best news is that they are economical enough to let you set up your whole house without getting a new mortgage! **These modules are compatible with X-10, BSR, General Electric, Sears, Radio Shack, Heath, Leviton, Genesis, and any other controller that calls for BSR or X-10 modules.**



LAMP MODULE. Plug in module lets you turn lamp on, off, or "dim" the lamp. Responds to DIM, BRIGHT, and ALL LIGHTS ON signals. Due to dimming capability, do not use for appliances or fluorescent lights. 400-500 Watt capability. Sug. Retail $20.00
37001 Lamp Module **$13.95**

2-PIN APPLIANCE MODULE. Plug in module lets you turn appliances or fluorescent lights with standard two pin plug on and off. 400-500 Watt capability. Sug. Retail $20.00
37016 2-Pin Appliance Module **$13.95**

3-PIN APPLIANCE MODULE. Plug in module for appliances or fluorescent lamps with three prong grounded plug. 400-500 Watt capability. Sug. Retail $22.50
29605 3-Pin Appliance Module **$19.95**

WALL SWTICH MODULE. Install in place of a standard wall switch to let you control ceiling or other incandescent lamps. Use push-button control on the switch module for manual operation, or control using X-10 system. Responds to DIM, BRIGHT, and ALL LIGHTS ON signals. Do not use for appliances or fluorescent lights. 500 Watt capability. Sug. Retail $20.00
37020 Wall Switch Module **$13.95**

THREE-WAY WALL SWITCH MODULE SET. Similar to regular wall switch module, but for use where two or more switches operate one fixture. Set includes one three-way wall switch module plus one push-button companion switch — enough for a normal two-switch installation. 500 Watt capability. Sug. Retail $24.99
43689 3-Way Wall Switch Set **$19.95**

COMPANION SWITCH. For use with Three-Way Wall Switch Set when three or more switches control a single lamp. Push-button style switch replaces regular wall switch. 500 Watt capability. Sug. Retail $8.00
43694 Companion Switch **$6.95**

WALL RECEPTACLE MODULE. Replaces a standard two-outlet wall receptacle for control of incandescent lamps, fluorescent lights, or appliances. One outlet is controlled, one is normal. Includes custom wall plate. 400-500 Watt capability. Sug. Retail $24.99
37035 Wall Receptacle with Custom Wall Plate **$19.95**

WAS $125 NEW LOW PRICE $34.95

X-10 POWERHOUSE™

NUMBER ONE IN HOME CONTROL

SAVE OVER $90!

HOME AUTOMATION IS HERE!

•SECURITY•ENERGY SAVINGS•CONVENIENCE
•DOESN'T TIE UP THE COMPUTER!

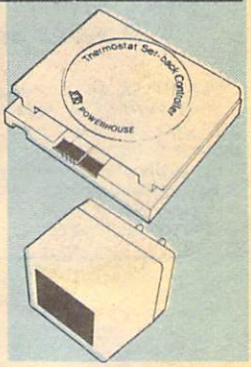
X-10 POWERHOUSE. From the world's leading maker of home control devices comes X-10 POWERHOUSE. With your C64 or C128 computer, you can program lights and appliances to turn on and off, control your thermostat, and much more. Wake you to stereo music or TV news, light up your bedroom, hallway, and bathroom; start the coffee, turn up the heat, warm up the curlers. At night, lower the heat, turn off the Tonight Show, and first dim and later turn out the lights. The user-friendly POWERHOUSE software lets you first "set up" your house. You move "icons" (pictures of lights and appliances) into each room. The on-screen software shows you how to set a module for each light and appliance to be controlled.

After you set up your house, enter the operating mode to set the times for individual lights or appliances to turn on or off. Set the days of week for the action to take place.

Once you have established the program, you can disconnect the computer — POWERHOUSE system will control your home independently. Battery backup (9V battery not included. Battery life is approximately 100 hours.) Up to 128 timer events can be set and 256 icons can be placed in your software "house". Up to 256 lamps and appliances can be controlled using X-10 type modules. Was $125.00
36493 X-10 POWERHOUSE Interface, Commodore Cable and Software **NOW ONLY $34.95**

SYSTEM X-10

Use these controllers either by themselves or with your POWERHOUSE to maximize your control over your environment. No permanent wiring connecting the controllers and the control modules. Mix and match multiple control devices.

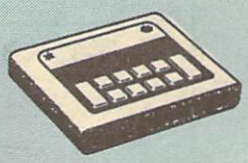


X-10 THERMOSTATIC CONTROLLER. Set consists of temperature regulator and low voltage adapter. IMPORTANT: Unit must be plugged into an X-10 appliance module or wall receptacle module (not included). Requires X-10 POWERHOUSE or other controller. Sug. Retail $39.99
36488 Thermostatic Controller Set **$29.95**

HEAVY DUTY 220V 15A APPLIANCE MODULE. For controlling large appliances that require 220 volts. 15 Amp capacity. Sug. Retail $24.99
43706 HD 220V, 15 A Appliance Module **$21.95**

HEAVY DUTY 220V 20A APPLIANCE MODULE. Similar to above item, but for use where 20 Amp capacity is needed. Sug. Retail $29.99
43711 HD 220V, 20A Appliance Module **$24.95**

TIMER CONSOLE. If you don't have a computer, this unit can be the centerpiece of your X-10 home control system. It automatically turns lights and appliances on and off at the time you want. Battery backup prevents memory loss. (4 AA batteries not included.)
43622 X-10 Timer Console **$29.95**



MINI CONTROLLER. A super-handy add-on to your X-10 control system. Instantly control up to four lights and appliances throughout the house with the push of a button. Features include DIM, BRIGHT, ALL LIGHTS ON, and ALL UNITS OFF buttons.
43637 X-10 Mini Controller **$9.95**

MAXI CONTROLLER. Includes DIM, BRIGHT, ALL LIGHTS ON and ALL UNITS OFF buttons. If you have a Thermostat Set-back Controller, use the Maxi Controller to turn down central heating or air conditioning. Sug. Retail $24.95
43641 X-10 Maxi Controller **$19.95**

RADIO HOME CONTROL SYSTEM. A wireless remote that lets you control up to eight lamps or appliances from anywhere in your house, or even from outside. Set includes wireless remote plus transceiver/module unit. Add up to seven additional X-10 modules to control eight total devices. Add a second transmitter so you can keep one in the house and one in the car. Sug. Retail $49.99
43656 X-10 Radio Home Control System **$39.95**

RADIO TRANSMITTER. Add any number of additional transmitters to your X-10 Radio Home Control System. Sug. Retail $19.99
43660 X-10 Radio Transmitter **$15.95**

BURGLAR ALARM INTERFACE/CONTROLLER. The X-10 Burglar Alarm Interface Controller is activated when your burglar alarm system (not included) is set off. It will respond in one of three ways. The first mode turns all lights on plus a selected appliance module on; activate a siren with this, turn a stereo or TV on to confuse or frighten an intruder, or even start a recorder with a taped message. The second mode **flashes** all lights — this will attract the attention of your neighbors and will make it easy for the police or fire department to locate your house. The third mode simply turns all lights on.
43675 X-10 Burglar Alarm Interface/Controller **$32.95**

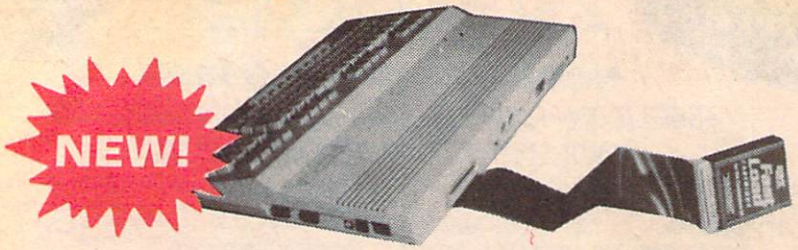
Cartridge Port Extender



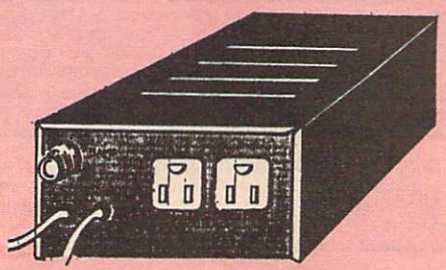
CARTRIDGE PORT EXTENDER. Are you cramped for space behind your computer? Is it hard to reach your cartridge port to plug in or swap cartridges? This handy new cable is your solution.

The cartridge port on the C64 and C128 is unfortunately located in a somewhat awkward position — horizontally in the back, where it is hard to reach and impossible to see. Many users have installed cartridge expanders, which not only let you switch cartridges easily but also places them vertically for easier access. The cartridge expander, though, takes up a few more inches of table space — no problem for most users, but a drawback for those working in tight quarters. This cable connects to the cartridge port in back of the computer and lets you plug in your cartridge or expander to its other end. Since the cable is flexible, you can locate the cartridge or expander up to 11" away for easier access and more efficient use of table space.

67513 Cartridge Port Extender Cable **$19.95**

from micro pal®

Pow'r Pak 64
More Than Just A C64 Power Supply



POW'R PAK 64 is a replacement power supply (3 Amp) for the Commodore 64 . . . but that's not all! Pow'r Pak also supplies two additional surge protected outlets (120V) for monitor, disk drive, or other peripherals. On/off switch. Fuse protection. Sturdy all-metal casing is ventilated for heat dissipation. Full 1 year warranty.

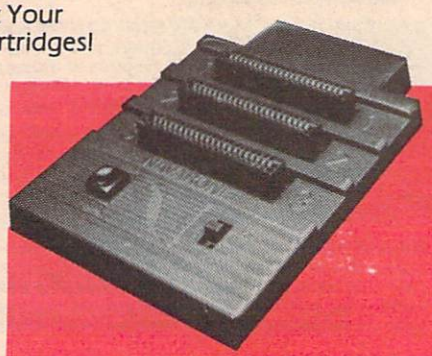
34910 Pow'r Pak 64 **$49.95**

POW'R PAK 128. We've redesigned our best-selling auxiliary power supply especially for the C128 . . . same great features as the Pow'r Pak 64, only now with **three** surge protected outlets!

64488 Pow'r Pak 128 **$69.95**

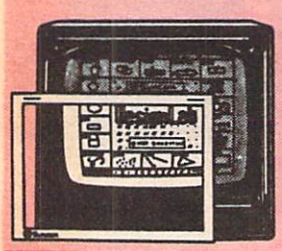
Cartridge Expander

Save Your Computer!
- Don't Wear Out Your Console And Cartridges!



CARTRIDGE EXPANDER. Stop wearing out your computer with endless cartridge swapping! This three-slot cartridge expander from Navarone keeps your most commonly used cartridges plugged in and ready for instant selection! Also lets you reset the computer independently of the power switch. This saves wear and tear on the cartridge and the computer! Save yourself one repair job and the cartridge expander has paid for itself several times over. The cartridge expander is great for Fast Load, too — keep it permanently plugged in and select or deselect as desired. Vertical slot design eliminates blind fumbling in back of the computer, too. A great buy! From Navarone. Sug. Retail $29.95

33227 Three-Slot Cartridge Expander **$22.95**



Computer Monitor Anti-Glare Screens

Suncom

GLAREDOWN. How many times have you had trouble reading your computer monitor screen because of the sun glaring through the window or poor placement of overhead lighting? GlareDown makes screen images clearer, crisper, sharper and more readable by eliminating most stray light reflected from your monitor screen. Eye strain goes down and efficiency goes up! From Suncom.

42373 GlareDown 12 — For most 12" monitors **$15.95**
42387 GlareDown 14 — For most 14" monitors **$17.95**

80 Columns On Your Composite Monitor

C128 40/80 COLUMN MONITOR CABLE. Our 40/80 column cable connects your C128 to any composite color or monochrome monitor and lets you switch select between three modes: 1) 40 column color, 2) 40 column monochrome; and 3) 80 column monochrome. Plugs into both monitor connectors on the C128. Monitor end has RCA plugs for composite video and audio. A great way to use the 80 column feature on the C128 mode without the expense of an RGB monitor! Sug. Retail $29.95

40771 C128 40/80 Column Monitor Cable **$24.95**

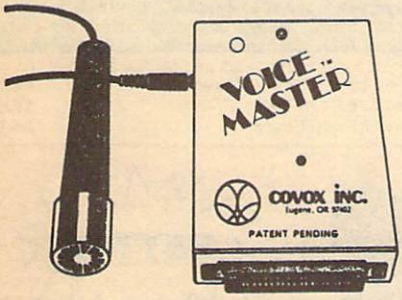
In addition, you get screen-dump, screen-freeze, **and** 24K RAM for BASIC programs. Full one year warranty! From Home & Personal Computers of America.

65114 The Final Cartridge **$44.95**

VOICE MASTER

A Full-Featured Speech and Music Processor



VOICE MASTER from Covox, leaders in speech technology, offers unheard of capabilities for an incredibly low price.

Speech Recording/Playback modes let you record your voice in digitized form, store it in memory, and play it back under program control. Record up to **64 words or phrases** at a time. Save sets of words to disk and play back a virtually unlimited number of words. Once the words are recorded, you don't even need the Voice Master to play them back. This means talking software without additional hardware!

Editor mode lets you change amplitudes of a recorded word or phrase to improve quality or alter its sound. **Word Recognition** mode lets you train the computer to understand up to 32 words at once (any number can be saved to disk) — you will be able to command the computer by voice instead of the keyboard! Playback and Word Recognition can be used together to create a two way conversation with your computer!

The Voice Master produces a **Bar Graph Display** of speech (similar to a real time spectograph) and a plot of voice fundamental pitch (useful in special education). **Voice Harp** is a powerful music composing program that lets you create and compose music by humming or whistling into the microphone. It actually converts the notes you hum into musical notation. You can then change, correct and even print out your compositions.

54390 Voice Master Hardware & Disk **$89.95**

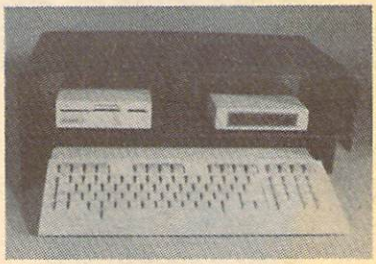
SPECIAL! $4.95 TALKING DISK

TALKING DISK. Find out what can be done with recorded speech! Covax Talking Disk comes with a variety of stored words that let you create talking calculators, clocks, cash registers, etc. with your Commodore 64 or 128. No special hardware needed. Also includes examples of Spanish and German stored words.

54409 C64/C128, Disk **$4.95**

The Complete Desktop Computer Center

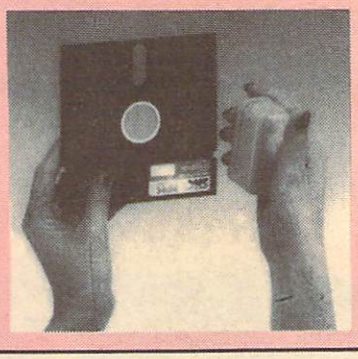
THE LAST STAND



THE LAST STAND™. If you're tired of having your computer and peripherals spread out all over your computer table. The Last Stand will get you organized! Made of smoke gray high impact acrylic, The Last Stand puts your system components in an easy-to-use order with all cabling placed efficiently behind the stand. Placement of disk drives improves cooling for more reliable operation. And there is plenty of room for more peripherals if you expand your system! Dimensions: 12" deep x 21" wide x 7" tall. Capacity: 1 keyboard, 1 or 2 floppy drives depending on size, modem, monitor and hard drive. From O & R International, Inc. Sug. Retail $44.95

65127 The Last Stand **$39.95**

Disk Doubler



Double Your Storage By Using The Unused Side Of Your Disks!

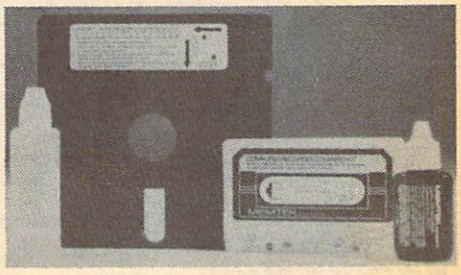
DISK DOUBLER. The Commodore uses single sided disks. As you may have noticed, however, these disks actually have magnetic media on both sides. Even though the back side of a single sided disk isn't certified, in almost all cases it is identical to the front side in quality and capability. With our Disk Doubler, you can punch a new write-protect notch on the opposite side of the disk and use the "hidden" second side. The Disk Doubler is easy to use — just slide the disk in, squeeze the button, and a perfectly located notch is punched in the disk jacket. No measuring, no guesswork . . . the notch is exactly the right place each time! This handy device will pay for itself the first few times you use it. Sug. Retail $14.95

37374 Disk Doubler **$9.95**

A Year's Worth of Cleaning for Under $5.00!

— Prevent Data Errors and Repair Bills — Disk Drive and Cassette Head Cleaning Kits

Take a few minutes to clean your disk drive heads and cassette recorder heads about once a month and you'll be rewarded with more reliable data reads and longer head life.



DISK DRIVE HEAD CLEANING KIT. Includes cleaning diskette, fluid and instructions. Provides 15 cleaning operations.

40569 Disk Drive Head Cleaning Kit **$4.95**

CASSETTE HEAD CLEANING KIT. Contains cleaning tape, fluid and instructions. Recommended cleaning frequency — every 20 hours of use.

40574 Cassette Head Cleaning Kit **$3.95**

38534 Book **$17.95**

CAD FOR THE C64 and C128. Computer Aided Design is one of the hottest new areas in computing and this book shows how many CAD techniques can be implemented on the C64 and C128. Learn about 3D drawing, reflection, duplication, filling, zooming, and more. Sug. Retail $19.95
37196 Book **$17.95**

THE ANATOMY OF THE COMMODORE 64. Now in its fourth printing! Includes chapters on graphics, sound synthesis, input/output control, kernal routines, assembly language programming, music synthesizer programming, PLUS a complete disassembled and documented ROM listing. 300 pages. Sug. Retail $19.95
37092 Book **$17.95**

C128 CP/M USERS GUIDE. An essential guide to using CP/M on the 128. Complete, simple explanations of the organization of CP/M operating system. Covers built-in commands like USER, DIR, ERASE; transient commands like SET, SHOW, SUBMIT; and the "special" 128 commands. Other topics include the System diskette, all about PIP, memory usage, using CP/M utility programs, creating submit files, function key definition, and many other topics. Alphabetical listing of all CP/M commands, and commented ROM listings. 297 pages. Sug. Retail $19.95
38642 Book **$17.95**

SCIENCE AND ENGINEERING FOR THE C64. Statistics, Chemistry, Physics, Biology, Astronomy, Electronics — the C64 can be a powerful tool for scientific and engineering calculations — this book shows you how. Covers variable types and computational accuracy. Includes sort algorithms such as bubble, quick, and shell sort and POKES useful in solving scientific problems. Topics include linear and nonlinear regression, CHI — square distribution, Fouries analysis, matrix calculations, and more. Includes many program listings. 340 pages.
Sug. Retail $19.95
37143 Book **$17.95**

REVISED

THE ANATOMY OF THE 1541. Takes the mystery out of the 1541 disk drive! This guide, now in its fourth printing, details the use of the program, sequential, relative, and direct access files. Includes many sample programs — FILE PROTECT, DISK MONITOR, BACKUP, MERGE, COPY and more. Describes internals of DOS with completely disassembled and commented listing of the 1541 ROMs. A must for the serious programmer. 520 pages.
Sug. Retail $19.95
37105 Book **$17.95**

GRAPHICS BOOK FOR THE C64. This massive volume takes you from the fundamentals of graphics to advanced topics like computer aided design. Subjects include: creating new character sets, sprite design and movement, high resolution and multicolor graphics, programming for the light pen, VIC chip control, IRQ handling, shifting the screen, memory, 3D graphics, animation, and much more. Lots of examples to make learning and doing easy! 350 pages. Sug. Retail $19.95
37124 Book **$17.95**

PEEKS and POKES FOR THE C64. This book contains dozens of useful "quick-hitters" for the BASIC programmer. Describes the video display, graphics, sprite, and sound chips, keyboard, joystick, game paddles, light pen, and user port. Great for adding speed and performance to BASIC programs. 200 pages. Sug. Retail $14.95
37139 Book **$12.95**

1541 REPAIR AND MAINTENANCE BOOK. Pays for itself! Compared to other drives, the 1541 seems to have a few idiosyncrasies — this volume will help you both maintain and repair your 1541 at much lower cost than outside repair services. Tells you how to test the alignment and how to realign quickly. Includes hints for correcting errors, digital and electronic techniques, PLUS schematics.
Sug. Retail $19.95
37110 Book **$17.95**

1571 INTERNALS. Insider's guide to the new Commodore 1571 disk drive. Describes sequential and relative files, using the direct access command, directory organization. Includes commented DOS ROM listings.
Sug. Retail $19.95
38638 Book **$17.95**

THE MACHINE LANGUAGE BOOK OF THE C64. A great starter volume for programmers who want to go beyond BASIC and take advantage of the speed and performance of machine language, this volume also includes three complete program listings — an assembler for writing your own programs, a disassembler to inspect other machine language programs, and an amazing 6510 simulator to "see" the operation of the processor right on the screen. 215 pages. Sug. Retail $14.95
37073 Book **$12.95**

ADVANCED MACHINE LANGUAGE BOOK. Great for serious programmers and for enthusiasts who have completed "The Machine Language Book" above. This volume covers many previously undocumented areas, including programming the video controller, timer and real time clock; performing serial and parallel output at machine language speed; new commands for BASIC; handling interrupts from the CIA; and dozens of timesaving tricks and tips. 210 pages. Sug. Retail $14.95
37087 Book **$12.95**

PRINTER BOOK FOR THE C64 and VIC 20. The ultimate printer reference for Commodore owners! Includes "how to" interfacing info, using secondary addresses for various printers, using printer ports and the principles of printing graphics, utilities and programs for graphics and text hardcopies, formatting program listings, and more. 340 pages.
Sug. Retail $19.95
37181 Book **$17.95**

COMPILER DESIGN & IMPLEMENTATION. Whether you are just interested in learning how compilers work or want to design your own computer language, this volume will be an invaluable resource. Includes complete assembler and disassembler. Sug. Retail $19.95
37177 Book **$17.95**

Includes FREE Program Diskette A $14.95 Value Good Through July

Unlock the Mysteries of . . .

HOW TO GET THE MOST OUT OF GEOS. New GEOS users can find hints on creating documents more quickly and easily with the chapters on geoWrite and geoPaint. For the user needing more power and flexibility, this guide provides utilities for importing text from other popular word processors, grabbing graphics from your favorite drawing program, translating GEOS application files into and back from sequential files that you can send over the modem to your friends, and telecommunications programs you can use to do it. HOW TO GET THE MOST OUT OF GEOS documents the GEOS file structures and maps the important locations of the GEOS operating system so you can custom design your own utilities and applications. All programs and utilities are provided in the book as type-in listings. From Micro Page. Sug. Retail $14.95
64757 Book **$13.95**
All programs and utilities also available on disk, ready to run. Also from Micro Page.
Sug. Retail $9.95
64767 C64/C128, Disk **$8.95**

GEOS — INSIDE AND OUT. The authors of GEOS — INSIDE AND OUT have spent hundreds of hours dissecting GEOS to bring beginners and advanced users alike a large collection of tricks and tips. In addition to introducing materials about GEOS in the early chapters, this guide covers the GEOS internals as well. From Abacus Software.
Sug. Retail $19.95
64224 Book **$17.95**

USER'S GUIDE TO GEOS: GEOPAINT AND GEOWRITE. Learn all about GEOS with COMPUTE!'s step-by-step guide. Everything from creating simple letters with geoWrite and pictures with geoPaint to merging text and graphics and using desk accessories is clearly and concisely explained. From COMPUTE! Books. Sug. Retail $19.95
64843 Books **$17.95**

Compute! Books' 128 Collection

These outstanding Books for the Commodore 128 operating in 128 mode contain something for everyone!

MAPPING THE COMMODORE 128. This clearly written, comprehensive memory map and programmer's guide, by the technical editor of COMPUTE! Publications, provides a detailed explanation of the inner workings of the Commodore 128 computer. Topics include memory management, BASIC 7.0, I/O chip registers, the operating system, system RAM, and much more. This is an important reference for both BASIC and machine language programmers. Sug. Retail $19.95
64823 Book **$17.95**

COMPUTE!'s KIDS AND THE COMMODORE 128. Over 30 sections — all with instructor notes, lessons, assignments, and lively illustrations — will entertain and amuse you as you learn about this powerful computer. For kids and adults alike. 275 pages. Sug. Retail $14.95
64810 Book **$13.95**

COMPUTE!'s 128 PROGRAMMER'S GUIDE. The complete guide to the Commodore 128, this book thoroughly explores BASIC 7.0; shows you how to create graphics, music, and program peripherals; and introduces you to machine language programming. A clear yet exhaustive reference and tutorial to the 128. 444 pages.
Sug. Retail $16.95
64822 Book **$14.95**

128 MACHINE LANGUAGE FOR BEGINNERS. A new edition of COMPUTE!'s bestseller, *Machine Language for Beginners*, this book includes everything needed to learn to program the 128 effectively; numerous programming examples, memory-management tutorials, and a dictionary of all major BASIC words and their machine language equivalents. Plus, there's a high-speed, professional-quality, label-based assembler that's both easy to use and full of special features that take full advantage of the extra speed and memory of the 128. 392 pages. Sug. Retail $16.95
64813 Book **$14.95**
A disk is also available which includes programs in the book. Sug. Retail $12.95
64885 C128, Disk **$10.95**

COMPUTE!'s FIRST BOOK OF THE COMMODORE 128. Games, programs, and tutorials for the Commodore 128 exclusively in 128 mode that teach everything from how to create windows to programming sound and making disks autoload. There's even a map of all the important memory locations. 217 pages. Sug. Retail $14.95
64871 Book **$13.95**
A disk is also available which includes all the programs in the book. Sug. Retail $12.95
64897 C128, Disk **$10.95**

COMPUTE!'s SECOND BOOK OF THE COMMODORE 128. The editors of COMPUTE! Publications have collected some of the best games, programs, and tutorials for the Commodore 128 (in 128 mode) from COMPUTE! magazine and COMPUTE!'s Gazette. Like COMPUTE!'s *First Book of the Commodore 128*, this book offers a variety of programs and articles for every 128 user. Each program has been fully tested and is ready to type in and use on the Commodore 128 running in 128 mode.
Sug. Retail $14.95
64851 Book **$13.95**
A disk is also available which includes all the programs in the book.
64904 C128, Disk **$12.95**

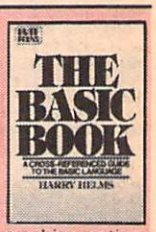
COMPUTE!'S MUSIC SYSTEM FOR THE COMMODORE 64 and 128. *Sidplayer*, the feature-packed, popular music player and editor program, is now more versatile and more impressive than before. *Enhanced Sidplayer* for the Commodore 128 and 64 includes two new versions — one for the Commodore 128 running in 128 mode and another for the Commodore 64. Take advantage of every feature the SID chip (the sound chip in the 128 and 64) has to offer. Just like the original, *Enhanced Sidplayer* is easy to learn and use, with many powerful new features. The accompanying disk contains the editor, player programs (including a Singalong program), utilities, and sample music that you can enjoy immediately or change. The new *Sidplayer* plays any songs created by the original *Sidplayer* for the Commodore 64. Book/disk combination only. Sug. Retail $24.95
64830 C64/C128 Book & Disk **$22.95**

COMMODORE 128 SOFTWARE

All the software for the Commodore 64 listed in this catalog will run on the C128 in its C64 mode. Even if the program description doesn't mention the C128, it will run. Many firms have developed new software that will take advantage of the C128's advanced features and bigger memory. These are designated as "C128" software, and will run only on the C128 in C128 mode. The list of C128 software is growing daily — contact our Customer Service Department for new additions that may not be listed in this catalog.

". . . I found it quite valuable . . . it's an entertaining time about a guy and his computer. I liked it."
— John C. Dvorak
Info World

THE HACKER'S HANDBOOK, AN INSIDER'S GUIDE TO MODEMS AND TELECOMPUTING. Filled with the How-To's of passwords, protocols, access codes, operating systems, phones, programming, and identifying and analyzing signals. The 169 jam-packed pages include charts, tables, lists of Hacker Bulletin Boards . . . plus much more! A treasure-trove of information. From E. Arthur Brown Company.
42419 Book **$12.95**



THE BASIC BOOK — A CROSS-REFERENCED GUIDE TO THE BASIC LANGUAGE by H.L. Helms. A great tool for converting programs from one machine to another. This book is a reference to the most popular versions of BASIC: Apple, Atari, Texas Instruments, Commodore PET, IBM, and TRS. Includes cross-reference chart and special graphics section. Softbound 48 pages. From McGraw-Hill.
21819 Book **$8.95**

1001 THINGS TO DO WITH YOUR COMMODORE 128. Now totally updated, revised, and expanded, provides a wide range of commercial-quality programs for financial, business, educational, and high-tech applications PLUS unique games and puzzles, as well as an invaluable library of computer-specific utilities and subroutines. Printouts, flowcharts, diagrams, step-by-step instructions are all featured in this advanced new version. From Tab Books.

(6 bimonthly issues)

Electronic House is a magazine dedicated to those interested in the developing field of home automation. Learn what the experts are doing, keep informed of new products on the market, study the latest technology, and much more! To subscribe, write or call:
Electronic House, Inc., 524 E. McKinley Ave., Suite 17, Mishawaka, IN 46545. 219/256-2060.

Our Shipping & Return Policy

Your charge card is never billed until your order is shipped! If we must send you partial shipments, your charge card is only billed for the items shipped.

SHIPMENT. Most items are shipped via UPS. Other modes of shipment include Parcel Post and, for certain heavy items, common truck carrier. TENEX maintains an extensive warehouse with over 50,000 items in stock, and automated systems are in place to speed your order to you. Rapid shipment benefits both you and us. Items not in stock may require 2 to 6 weeks.

DAMAGE. We inspect each item before shipment. Please examine your packages carefully when you receive them, and REPORT ANY DAMAGE TO THE CARRIER. No replacement merchandise can be issued unless a damage claim has been filed with the shipper.

RETURNS. Defective products may be returned for replacement within 30 days of receiving them. Items returned for replacement MUST include original packaging materials and any manuals, cables, warranty cards, etc. included in the original package. (For your convenience and protection, do not discard packaging materials or mail in warranty cards until you are certain the product is working properly.) **Please write or call our Customer Service Department for a Return Authorization number prior to returning any items to TENEX.** All returns must be shipped to TENEX freight prepaid. All items are subject to inspection by TENEX prior to issuance of replacement merchandise. Please do not ask us to accept return of items in working order, or to provide items other than exact replacements for defective products.

APO, FPO, ALASKAN, HAWAIIAN, CANADIAN AND FOREIGN ORDERS. All payment must be in U.S. Dollars. Checks drawn on Canadian or foreign banks cannot be accepted. Canadian Postal Money Orders payable in U.S. funds are acceptable. VISA, Mastercard or American Express are the preferred methods of payment. **APO, FPO, Alaskan, Hawaiian, Canadian, Puerto Rican orders:** add $4.00 to shipping and handling charge to cover postage and insurance cost. Contact us about charges for bulky and/or heavy items. **Foreign orders other than above:** add $8.00 to shipping and handling charge. If ordering large or heavy items, consult desired carrier for estimated freight charges and include with order, or contact us prior to ordering for a freight estimate. If funds included with order are inadequate to cover shipping costs, we will notify you by airmail. Postage or freight and insurance charges will be billed at actual cost on credit card orders.

PRICES. All prices are subject to change without notice. You will be notified of any change at the time of order placement, or prior to shipment on a non-stock item.

SPECIFICATIONS AND PRODUCT AVAILABILITY. Specifications and product availability are subject to change without notice. We have made every effort to be accurate in the specifications and descriptions included in this catalog, but cannot guarantee accuracy or completeness of said specifications and descriptions.

PAYMENT METHODS: For fastest shipment, VISA, MASTERCARD, AMERICAN EXPRESS, a cashier's check, certified check, or money order may be used. Personal checks are also welcome — please allow about 10 extra days for shipment. Purchase orders will be accepted from qualified institutions and firms; please inquire.

IF ORDER FORM HAS ALREADY BEEN USED, please write your order on a plain sheet of paper or order by telephone using our convenient toll-free number. If you send your order on plain paper, be sure you include your name and address, the catalog number of each item ordered, and the appropriate shipping charge. If you would like us to send you additional order forms, please write or telephone us.

WARRANTIES. All of the products offered by TENEX feature a manufacturer's warranty or guarantee. Information about the type or length of coverage of any item is available by calling or writing our Customer Service Department. Generally, warranty service on equipment can be obtained by either shipping or taking the unit to the nearest service location for that manufacturer, along with your receipt and/or other information required by the manufacturer.

NEW!

Great Educational SPINNAKER Videos From

We make learning fun.

NEW!

READERS OF THE LOST ALPHABET. Letters of the alphabet are disappearing. Words lose their meaning and sentences lose their sense. Children help "Alphabet" Smith find the letters (while learning to read). For ages 5-8. Workbook included.
67527 VHS Tape **$14.95**

THE SEARCH FOR THE STOLEN SENTENCE. Rescue the kidnapped Professor Mindbender and his amazing "word processor" while learning the parts of speech. For ages 7-10. Workbook included.
67547 VHS Tape **$14.95**

Be prepared for the most important test of your life! Guaranteed to increase your total score by 100 points or your money back. Both videos include information about the format and structure of the exam itself and a 32 page workbook.

BEAT THE SAT: VERBAL. Includes a substantive review of important vocabulary words, grammar rules, antonyms, analogies, sentence completion and reading comprehension.
67564 VHS Tape **$19.95**

ADD VENTURES OF THE TIME TAXI. A thrilling ride through time and space while learning addition, subtraction, counting, and geometric shapes. For ages 5-8. Workbook included.
67542 VHS Tape **$14.95**

CLOSE ENCOUNTERS OF THE MATH KIND. Help the professor on an exciting mathematical rescue mission involving fractions, multiplication, division, and probability. For ages 7-10. Workbook included.
67561 VHS Tape **$14.95**

BEAT THE SAT: MATH. Includes quantitative comparison and problem solving, along with important math concepts and review.
67572 VHS Tape **$19.95**

Use your VCR for more than a movie machine . . .

IMAGINATION TREE EDUCATIONAL VIDEO KITS

for children ages 8 and up

These are videos the kids will love to watch over and over. . .while they have fun **and** learn a new skill! Each tape comes with appropriate accessories and instructions (see descriptions below). A great way to learn! From Mid-Com, Inc.

BE A JUGGLER

Start by juggling scarves to learn basic techniques, then move on to bean bags, balls, and rings! Improve motor skills, reflexes and timing. Taught by Mike Vondruska, a professional juggler and experienced juggling instructor. Kit includes 40 minute videocassette, scarves and Jugaloons.
Sug. Retail $29.95
56946 VHS Tape **Only $19.95**

BE A MAGICIAN

Watch Master Magician Martin Preston perform a magic show . . . then follow him back stage where he'll explain the "trick of the trick." The 50 minute video presents each trick step-by-step. Stop the tape and practice as often as you want! The videocassette comes with the equipment needed to perform the tricks . . . a sparkling magic wand, two magic balls, a magic scarf, metal rings, two lengths of rope and two magic cords.
Sug. Retail $29.95
56925 VHS Tape **Only $19.95**

If You Own A Commodore And A VCR, You Need VIDEO WIZARD!™

—Make your own titles —Integrate graphics screens
—Catalog your tapes —Print tape labels

VIDEO WIZARD is the most comprehensive software package we've seen for the VCR owner. It generates titling screens that can be transferred to your VCR. You can select the size and color of letters, position on screen, plus border and background colors. You can even link multiple titling or graphics screens. This powerful titling system can be used for home video productions, business presentations, etc. Video Wizard also lets you catalog your entire video tape collection, including your tape counter reference for easy locating. You can even print spine labels for selected tapes or your entire colection. Bring your VCR into the computer age today!

Suncom

Don't tie up your VCR rewinding tapes . . .

SPEEDWINDER VHS. Now rewinding and fast-forwarding video tapes can be quick and convenient when you let Speedwinder do the job for you. Let your VCR's delicate motors do what they were designed for — record and playback — and leave the wear and tear jobs to Speedwinder. And Speedwinder won't add to the bulk of your video equipment or the clutter of power cords hidden behind your video center. It's barely larger than the tape itself, battery operated (4 "C" cells not included), and can be placed where it's convenient for you, whether it's on top of the TV or next to your recliner. You'll wonder how you got along without it! From Suncom. Sug. Retail $29.95
55890 Speedwinder **$19.95**
Optional AC Adapter for Speedwinder.
55900 Adapter **$9.95**

Keep your VCR viewing crisp and clear . . .

VCR HEAD CLEANER. If you'd like the picture display by your VCR to remain as crisp and clear as the day you bought it, our VCR Head Cleaning Kit gives you everything you need to keep your VCR in peak condition. The cleaning tape and solution glides easily across the tape path, lifting away contaminants from the video and audio heads, capstans, pinch rollers and tape guides. Kit includes VHS video recorder cleaner tape, 18cc. bottle of video cleaning solution, handy storage case, and complete instructions. From KEH Enterprises.
Sug. Retail $11.95

Unleash The Power of CP/M On Your C128!

"How To" Info On:
Using A Modem With CP/M
Downloading Free CP/M Software

Includes Free CP/M Programs — Word Processor, Disk Utilities, Communications, More!

CP/M KIT. To many users, CP/M on the 128 has been an unfulfilled promise — despite the hype, few C128 users have actually found ways to access the many CP/M programs written for other computers. Now, we have the answer . . . CP/M Kit from INCA. Here's what it does for you:

- — Explains the use of some of the programs on Commodore's System Disk
- — Demonstrates some of the main features of Commodore's CP/M
- — Shows you how to get started using a modem to obtain more CP/M programs and information
- — Provides a collection of useful CP/M programs.

CP/M Kit includes an informative guide to using CP/M on your C128, concentrating on the unique features of Commodore's CP/M, using your 1541 or 1571 drive with CP/M, and on using your modem to access electronic bulletin boards that offer free, downloadable software. Also included are lists of books about CP/M and sources of free, public domain CP/M software. Two disks (one is a "flippy" recorded on both sides) loaded with free CP/M software are also in the package. Programs include a powerful word processor, a terminal (communications) program, a chess program, plus many disk and screen utility programs.

If you have wanted to get started in CP/M with your C128 but didn't know where to start, this is what you need — order your CP/M Kit today!

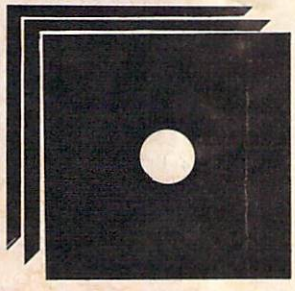
microPal™

THE 39¢ DISKETTE

BEST SELLER!



MicroPal Diskettes are one of the best-selling items in our catalogs (we've sold literally hundreds of thousands of these diskettes!). They are an excellent buy in our quantities of 50, and their readability, lifetime warranty and risk-free trial mean you are sure you get your money's worth!

Here's What You Get

Diskettes are packaged in boxes of 50. Each box includes diskettes in sleeves, labels and write-protect tabs. All diskettes have hub reinforcement ring and write-protect notch.

Certified Quality

MicroPal Diskettes are first quality, prime diskettes (no seconds). Each one is individually certified to be 100 percent error free at levels equal to or above ANSI, ECMA and ISO standards.

Lifetime Warranty Plus Risk Free Trial!

We offer a double guarantee of satisfaction:

1) All diskettes are backed by a lifetime warranty. If you ever have a problem, we'll replace the diskette.

2) To let you discover what a great value these diskettes really are we'll let you try them risk free. Buy a box. If within 30 days you aren't happy with the diskettes for any reason, return them to us for a prompt refund. No questions asked!

Part No.	Description	Box Of 50
32391	5¼" Single-Sided, Double-Density Diskettes	$19.50 (39¢ Each)
32403	5¼" Double-Sided, Double-Density Diskettes	$24.50 (49¢ Each)

We're the big company that gives you personal service. Join the thousands of our satisfied customers who have saved money without sacrificing a bit of quality or service. All products are brand new, latest merchandise, in the original package, and with full manufacturer's warranties. Shipped from our warehouse direct to your home by UPS. Happy customers are our business.

SUPER SALE!

SORRY,
SOLD OUT, BUT GET THE
G-WIZ INTERFACE FOR $29.95
SEE PAGE 37.

Graphics Printer Interface

Just look at these super features: handles both **graphics and text;** convenient **"phone style" coiled cord; no bulky interface box; no dip switches** to set; **no cassette port plug** to tangle or break. It even includes a disk with elementary word processing and graphics printing software. We've tested this interface with many common printers, including Star and Epson, and software packages like Print Shop, and have been amazed at the performance of such a compact interface.

The performance, ease of use, and compact size of this interface would be reason enough to buy one. But we have even more good news. We've made a special purchase of these interfaces and are able to sell them to you at **a fraction of their suggested retail price.** Our supply **is** limited, though, so order early to be sure you don't miss the interface bargain of the year! Sug. Retail $69.95
